

Treasure Pools & Service Partners With Hedrick Brothers Construction

Pompano Beach, FL, November 29, 2011 – Treasure Pool Builders of South Florida worked with Hedrick Brothers on a \$14 million dollar housing and horse complex project in Wellington, Florida called “The Owls Nest”. The massive project started in 2009 and was completed in November of 2011.

The reflection pool was built to look like the Taj Mahal and is exquisite. The bottom of the pool is a beautiful handmade glass mosaic tile mural that was hand laid. The design features running horses. The custom designed pool has over 20 water features and a special commercial energy chlorine system by CES, the top Florida distributor of pump products in the aquatic industry. Another custom pool design is the handmade marble coping, giving the whole pool a feel of luxury.

“Treasure Pool Builders was honored to be hired by Hedrick Brothers to work on this multi-million dollar project, not to many pool builders have the resources to design and build such a beautiful pool, it is one of our top projects and a jewel in our portfolio” Craig Cohen, owner of Treasure Pools said.

About Treasure Pools & Service

Treasure Pools and Service, Inc. has been building superior swimming pools, waterfalls and water features in South Florida area for more than 20 years and is a long time member in good standing with the South Florida Better Business Bureau.

We have an extensive portfolio of swimming pool installations and delighted customers to prove we know what we’re doing, and we insist on delivering only the best finished product in Florida.

Our business concentrates on two areas: NEW Pool Construction and Pool Refurbishing and Remodeling, with demonstrated expertise in both.
